

Discrete Component, SMD and IC Handlers Low Cost & High Performance

Loose Component Handlers

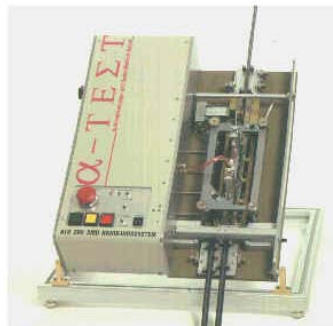

- Kits for TO220, TO18, TO92, TO246, TO 202, TO3P, SOT, SMD & Others
- Single and Multiple Test Site Options
- Ambient and Hot Temperature Options
- 9000 Parts/Hour at Zero Test Time
- 2 to 20 Sorts
- Bowl Feeders or Tube Loading Options
- Quick Conversion Time
- Kelvin Contacts
- Customized Systems upon Request
- Programmable Tester Interface in Voltage and Polarity
- Random Generator for AQL Tests
- Programmable Retest

Taped Component Handlers

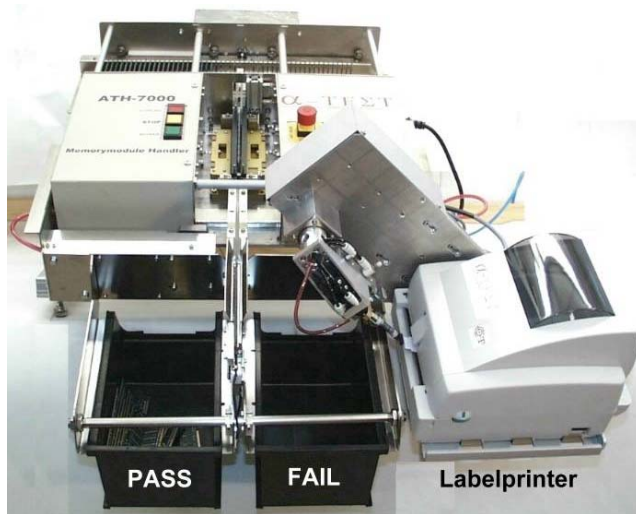

- Kits for SMD, Axial and Radial Components
- Cutter Station for Failed Devices
- Marking and Color Inking Options
- 50,000 Parts/Hour at Zero Test Time
- Fast Forward and Rewind Time
- Bowl Feeders and Amopack (fan fold) Options
- Adjustable Tape Width
- Kelvin Contacts
- Programmable Tester Interface in Voltage and Polarity
- Random Generator for AQL Tests
- Programmable Retest

Memory Chip, IC and SMD Handlers

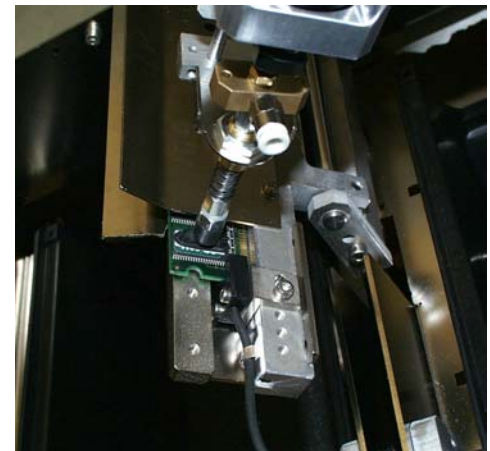

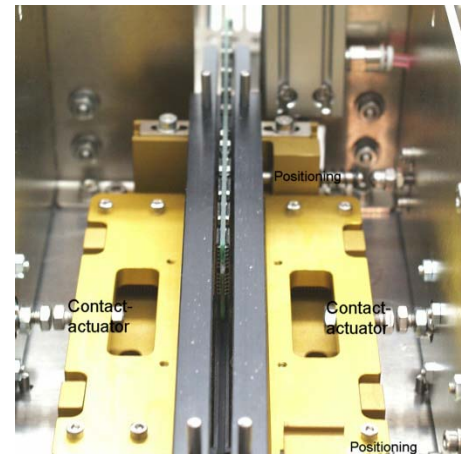

- Kits for SOJ, SOIC, TSOP, SOP, SOT, Hybrids, Memory Chips & More
- 1 to 4 Test Contact Site Options
- 1 to 5 Input Tube Options
- Optional Bowl Feed for Loose Components
- Optional Magazine Outputs
- 2 to 9 Output Tube Options
- 5000 Parts/Hour with Zero Test Time and 4 Sites
- Quick Conversion Time
- Programmable Tester Interface in Voltage and Polarity
- Marking System and Docking Options

Memory Handlers and Labelers

- Cost Effective Solution for Memory Modules
- Reliable and Built with the Best Mechanical Parts
- Tray Loader and Labeling Options
- Customized Versions for Special Requirements
- Very Fast Handling Times, Parallel Modes
- DIMM, SODIMM, RIMMs,(DRDRAM), DRRR
- Safe, Smooth Transport
- No Dropping, Damaging, Scratching, or Crashing
- Horizontal and Vertical Placement of Labels
- Special Contact Blades for up to 1 Million Cycles
- 100% Exact Contacting
- Low Cost

Handler Quote Request Form - Please Fax Back to 508-653-0550.

Component Type(s): _____

Input Type: _____
(Bowl, Tubes, Magazines, Tape)

Number of Inputs: _____
(Number of Tubes or Magazines)

Number of Contact Sites: (1-4) _____

Special Contact Requirements: _____

Throughput Goals:(Parts/Hour) _____

Temperature Requirements: (Ambient or Hot) _____

Output Type: _____
(Bins, Tubes, Magazines, Tape)

Number of Outputs: _____
(Number of Tubes, Bins, Magazines)

Component Marking Requirements: _____

Component Labeling Requirements: _____

Power Requirements: _____

Tester I/F Requirements: _____

Other Special Requests: _____

Name: _____ **Company:** _____

Address: _____

City: _____ **State:** _____ **Zip:** _____

Country: _____

Tel: _____ **Fax:** _____ **Email:** _____
